

MAJID AWAN

Full Stack Developer | MERN Stack Developer | Django Developer | .NET WPF Developer

Pakistan • majidrafiqueawan@gmail.com • +92 344 0232857 • [Portfolio](#) • [GitHub](#) • [LinkedIn](#)

PROFESSIONAL SUMMARY

Software Engineering student at UET Lahore with hands-on experience building responsive web applications and desktop software using modern technologies. Skilled in developing full-stack solutions with React.js, Node.js, Express.js, and Django, along with desktop applications using C# and .NET WPF. Comfortable working with MongoDB and SQL Server, building REST APIs, implementing JWT authentication, and collaborating through Git and GitHub. Eager to contribute practical, well-rounded development skills to a software engineering team.

TECHNICAL SKILLS

Frontend: HTML5 • CSS3 • JavaScript (ES6+) • React.js • Tailwind CSS • Responsive Web Design

Backend: Node.js • Express.js • Django • Python • REST APIs • JWT Authentication

Desktop Development: C# • .NET Framework • WPF • XAML • MVVM Architecture

Databases: MongoDB • SQL Server • PostgreSQL

Tools & Technologies: Git • GitHub • VS Code • Visual Studio • Postman • npm

PROJECTS

MERN Inventory Management System

React.js • Node.js • Express.js • MongoDB • Tailwind CSS

Built role-based authentication with JWT for secure, permission-controlled access | Developed an interactive dashboard with full CRUD operations and reporting | Designed a fully responsive UI across desktop and mobile devices

Premium E-Commerce Website

React.js • Node.js • MongoDB • Tailwind CSS

Implemented shopping cart, checkout flow, and user authentication | Built an admin dashboard for product and order management | Delivered a responsive, mobile-first shopping experience

Django Blog Platform

Django • Python • JavaScript • HTML • CSS

Developed user authentication, profiles, and CRUD blog operations | Added a comment system and an admin dashboard for content moderation

.NET WPF Inventory Management System

C# • .NET Framework • WPF • SQL Server

Architected the app using the MVVM pattern for maintainable, testable code | Built invoice management, product management, and sales reporting modules | Designed a modern, intuitive desktop UI with XAML

EDUCATION

University of Engineering and Technology (UET), Lahore

Bachelor of Science in Software Engineering 2023 - 2027

Relevant Coursework: Data Structures & Algorithms • Object-Oriented Programming • Database Management Systems • Operating Systems • Software Engineering • Computer Networks

ACHIEVEMENTS

- Built multiple full-stack and desktop applications spanning MERN, Django, and .NET WPF stacks
- Strong foundation in software engineering principles and best practices
- Passionate about learning and applying modern technologies
- Active GitHub contributor with ongoing personal development projects

SOFT SKILLS & LANGUAGES

Soft Skills: Problem Solving • Teamwork • Communication • Critical Thinking • Adaptability • Time Management • Quick Learner

Languages: English • Urdu
